## News In Brief

### Algerian OAS Vows Vengeance

ALGIERS (AP)—The rightist Secret Army vowed vengeance Wednesday against Moslem soldiers of the French army who fired on a crowd of European demonstrators Monday. In all, 53 persons perished.

As an uneasy quiet descended over the rebellious city, the Secret Army distributed tracts in French and Arabic assailing the Moslem soldiers and warning: "All our armed operations henceforth will be acts of justice...nothing and no one will stop us."

The French army said most of Monday's deaths came when weary, nervous Moslem troops, surrounded by hostile crowds, were fired on first by Secret Army snipers. The Secret Army had called for the demonstrations in its drive to block independence for Algeria.

### JFK Tags Gold Problem Urgent

WASHINGTON (AP)—President Kennedy pinned an "urgent" tag Wednesday on the U.S. gold-dollar problem and said all citizens must help solve it by making American industry more competitive.

Kennedy sent Congress a 29-page report in which Secretary of the Treasury Douglas Dillon said efforts to ease the country's balance of payments deficit—the key to the difficulty—are "still far from our target."

Dillon's report, endorsed by the President, emphasized "the need for business and labor to exert conscious restraint in shaping wage and price policies."

The secretary described this as compelling "above all else."

### Miners Ask Help On Pension Fund

HARRISBURG (AP)—A group of pensioned hard coal miners asked the state government Wednesday to help in their fight with United Mine Workers Union officials over the union pension fund.

The delegation of seven men—six of them pensioners—comprising a protest committee, met for 90 minutes with representatives of the state departments of justice, and labor and industry.

They received a promise that state officials would look into the situation to determine whether there was any reason for state action.

### Senate Group To Probe Gambling

WASHINGTON (AP)—A Senate investigating subcommittee urged a multifront attack Wednesday on organized gambling, which it said may provide the underworld with "staggering" profits from enterprises grossing more than \$50 billion a year.

The subcommittee, headed by Sen. John L. McClellan, D-Ark., said in its report to the Senate that gambling profits are used to bankroll other criminal activities, including millions of dollars each year to corrupt police and prosecutors.

### Democrats Stop Withholding Bill

WASHINGTON (AP)—House Democrats stopped a Republican drive Wednesday against interest and dividend withholding and other tax changes sought by President Kennedy.

The action came at the beginning of debate on a complex revenue revision bill that also includes a billion-dollar tax incentive to businesses to buy modern equipment. The House defeated, 224 to 184, a motion to open it up for GOP-backed amendments.

Republicans voted solidly for the motion, without a single defection, and picked up 20 scattered Democratic votes.

## Clark Says Works Bill Means 20,000 Pa. Jobs

WASHINGTON (AP)—President Kennedy's proposed \$600-million public works program will mean about 20,000 jobs for Pennsylvania, says Sen. Joseph S. Clark, D-Pa.

The Pennsylvania jobs, Clark said Wednesday, would be in the building and construction trades; in the industries supplying materials, including steel, and in the economy generally as a result of spending by newly-employed workers.

Clark made the prediction to a group of steelworkers in Beaver County, Pa., attending the Steelworkers Legislative Confer-

ence. He also spoke at the conference.

### Prelude To Survey

His remarks came as Pennsylvania officials, in Harrisburg, began mapping plans for a statewide survey of public works projects in areas of heavy unemployment to determine those eligible should Kennedy's program be approved by Congress.

Ralph Widner, assistant director of the state Planning Board, told newsmen in Harrisburg he felt the program could accelerate work on many state projects which already have official authorization. For example, he said

the state might receive federal grants for constructing a school shell and the interior then would be completed with state and local funds.

### Gratified By Support

Clark, in his speech, said he had been urging a public works program on Kennedy for more than a year, and "I am deeply gratified that he is now giving it his full support."

The public works proposal, said the senator, is one of four he has been pushing to help provide jobs in Pennsylvania. He listed the others as (1) the Area Redevelopment Bill, passed last year; (2) the Manpower Bill, signed into law this month, designed to enable men automated out of their jobs to learn new skills, and (3) a Youth Employment Opportunities Bill to take 175,000 young people off the street and into Youth Conservation Corps camps or in jobs with public or nonprofit agencies in their home towns.

### Lawrence Backing

Gov. David L. Lawrence of Pennsylvania plans to appear before the House Public Works Committee here Thursday to support the President's program. Kennedy asked the House and Senate Public Works committees to approve the plan on Monday in an effort to speed up public works projects in areas of substantial unemployment.

## Reds Push For Nuclear Free Zones

GENEVA (AP)—The Soviet Union marshaled its Communist allies Wednesday in a diplomatic drive to get nuclear-free zones established in Europe and thereby blunt NATO's defensive capability.

Western sources said the proposals in the 17-nation disarmament conference were aimed at West Germany, Greece and Turkey, key members of the North Atlantic Treaty Organization bordering the Iron Curtain.

### U.S. Cold War Plan

The United States cold-shouldered the suggestions. But the atom-free zone concept drew some nods of approval from among delegates of the eight mid-size group nations at the table and expressions of support from two of them—India and Ethiopia.

Polish Foreign Minister Adam Rapacki and Soviet Deputy Foreign Minister Valerian A. Zorin urged the conference to adopt the Communist measures on a speedy basis.

Brushing this aside, U.S. Ambassador Arthur H. Dean called instead for quick agreement on measures to halt the production of nuclear arms and to reduce the possibility of war by surprise attack or accident.

The council is the governing body of the ICEM of which 30 nations are members, cooperating in the movement of refugees and migrants from Europe to underpopulated parts of the world.

**Special to The Daily Record**

WASHINGTON — Joseph B. McFadden, Lehigh University professor, has been nominated by Rep. Francis E. Walter to serve as deputy director of the Council of the Intergovernmental Committee on European Migration with headquarters in Geneva, Switzerland.

McFadden's candidacy has been approved by President Kennedy, who last night instructed the Dept. of State to contact member countries of the ICEM in order to assure the Bethlehem man's election.

McFadden's former students include some of the nation's best known newsmen and editors.

With his wife and five children, McFadden lives at 40 Carlton Ave., Bethlehem.

## Lenten Meditation

By Rev. Wesley Crowther  
Middie Smithfield and Shawnee  
Presbyterian Churches

### TIME OF DECISION

"When the days drew near for him to be received up, he set his face to go to Jerusalem."

—Luke 9:51

Or, as one commentator has put it—"He set His face as a flint to go to Jerusalem." The fanfare and plaudits of the crowd were now for the most part in the past in for the most part in the past in the life of our Lord. He faced up now to this act of rugged determination knowing full well the consequences, — a Roman cross. Nothing could hold Him back.

There were those who said, "Wait, the time has not yet come." But, with a sense of great urgency, our Lord Jesus Christ could not be deterred from that momentous decision that would lead Him to Calvary. His was a sense of Divine purpose.

Important and critical decisions are never easily made. It must not have been a very easy decision for Col. John Glenn to put in for astronaut service at the age of 37, with a fine growing family. It was certainly not an easy decision that President

Kennedy arrived at recently in announcing the resumption of nuclear testing in the atmosphere.

But, such decisions must be made, one way or the other.

Every day of our lives we are faced with certain choices of right or wrong, good or bad. Many in our society can no longer make the right ethical and moral decisions because they have gotten so far out of touch with God.

TODAY, — during this Lenten season, maybe it has suddenly dawned upon you that you have wandered rather far from God. Why not make this day your time of decision, as with our newly determined determination you "set your face as a flint" toward your home church, and take up your place of worship and service there.

To all those who stand outside the Church's door, we would invite you to come in, to make this your time of decision as you joyously receive Jesus Christ as Lord and Saviour of your life.

How simple, yet how profound are the words of the gospel hymn writer:

"Jesus paid it all,  
All to Him I owe,  
Sin had left a crimson stain,  
He washed it white as snow."

Jesus paid it all,  
All to Him I owe,  
Sin had left a crimson stain,  
He washed it white as snow."

## Charge Of Larceny Dropped

A CHARGE of larceny against William Herring, 27, of 305 Fulmer Ave., Stroudsburg, was dropped at a hearing yesterday before Floyd W. Kellogg, Stroudsburg justice of the peace.

Herring was arrested Tuesday night and confined to Monroe County Jail pending a hearing. He was accused by his sister, Mrs. Doris E. Johnson, 309 Main St., Stroudsburg, of taking a wallet containing money.

Mrs. Johnson agreed to drop the charge yesterday and Herring was released after paying \$11 in costs.

## Stroud Firemen Answer Call

STROUD Township firemen were called yesterday at 12:04 p.m. to Congdon Ave., Arlington Heights section, to extinguish a grass fire between the Acme Store and Dr. Perry Stern's Office.

There was no damage. Firemen used three trucks, and Indian Tanks to extinguish the blaze.

The 36 columns in the Lincoln Memorial in Washington, D. C., represent the states in the Union at the time of Lincoln's death.

## Wayne GOP Head Named Scranton Campaign Aide

LESTER F. Burlein, Wayne County Republican chairman, has been named assistant campaign manager for the endorsed Republican candidates in the May 15 primaries, headed by Congressmen William W. Scranton and James E. Van Zandt.

Miles Horst, chairman, announced the appointment.

Horst, Lebanon County, former agricultural secretary and former state GOP chairman, said Burlein "agreed to come to Harrisburg to give us a hand."

At the same time, the Scranton forces announced the appointment of Gwynn A. Price, chairman of the board of the Westinghouse Corp., as finance chairman for the primary campaign.

## Reds Study Sites.

HAVANA (AP) —Soviet engineers have arrived to study sites for two nickel ore processing plants costing about \$259 million, the newspaper Revolucion reported yesterday.

**NEW AT THE GAME**—Debra Michael (who had received some assistance) shows her brother, Jeff, the large-mouth bass she caught in her father's farm pond. The pond, which was recently constructed with advisory assistance from A. Norman Dietrick, of Soil Conservation Service, is for multiple use. ## Former Shriner Patient, Gym High School Topics

### Stroud Union

By Nancy Hilliard

**Editor's Note:** This story was obtained while the reporter was a patient in Shriner's Hospital, Philadelphia.

SCHOOL at Shriner's Hospital, Philadelphia Unit, is conducted according to each individual, because of the many different problems a student encounters while in a hospital and still trying to maintain his schoolwork.

Can you imagine writing while lying flat on your back with a cast up to your waist or with spreader bars between your two leg casts, or with a cast on your arm? Many of the patients at Shriner's Hospital manage to accomplish this and still make good grades.

School starts at 9 a.m., when all the beds are rolled down to the school room and remains in session until 11:15 a.m. After lunch school begins again at 12:30 p.m. and continues until 2:45 p.m. (Only patients up to the age of 16 are admitted into Shriner's Hospital.)

Qualified teachers are hired under the Philadelphia District School Board to help the patients in an up-to-date school room with adequate reference books and a library.

None of this work is done in vain, for students get report cards every six weeks on a basis of what he or she can do under his own particular circumstances. They are obtained from the individual schools so that the children can keep up to date on their lessons.

The children work at their own speed with the material that the hospital has to offer plus their own. The teacher is there to maintain order in the classroom and help the students with their work.

At the hospital, hospital routine has preference over school, so that at all times they may feel free to take you out of school for medical reasons.

The doctors realize that school is very important and try to refrain from doing medical work during school hours even though operating is scheduled regularly for Tuesday morning and all day Wednesday.

Many patients feel that they do not like this school system simply because they aren't required to go to the school. School is conducted though, so that the children won't fall back in their school work.

In the hospital school the day passes more quickly than it does otherwise.

## Lions Work To Be Shown On Television

A NATIONAL television show Friday night will feature the work of the Lions International, according to Arthur Frey of South Sterling who is chairman of the Sight Conservation group of the Tobyhanna Lions Club.

The show, "Route 66" stars actor George Maharis. It was filmed at Kerrsville (Texas) Children's Camp and the story highlights the training and emotional adjustments of one of the children. Maharis portrays the emotional conflicts of a youngster who was blinded while in an accident.

A similar Lions Club sponsored camp is Beacon Lodge at Newton-Hamilton, Pa. This camp is supported by the Stroudsburg, Tobyhanna and Barrett Lions Clubs and is staffed by volunteer workers.

### East Stroudsburg

By Charlotte Sittig

**THE PAST** several weeks the gym has been the most active place in East Stroudsburg High School.

Every night after school students gather to practice on various apparatus that is in the gym. It is far from quiet, there is hammering on the ceiling, shouting and dull thumps on the floor. Some of the kids are in costume and others in gym suits.

Some students were pouncing on the "tramp", others dangling on the rings, some doing flips on the floor and others doing side vaults from the horse.

Included in the gym exhibition there will be square dancing, a Swedish dance and other forms of dance.

The date for the 200 student gym exhibition will be announced later.

School starts at 9 a.m., when all the beds are rolled down to the school room and remains in session until 11:15 a.m. After lunch school begins again at 12:30 p.m. and continues until 2:45 p.m. (Only patients up to the age of 16 are admitted into Shriner's Hospital.)

Qualified teachers are hired under the Philadelphia District School Board to help the patients in an up-to-date school room with adequate reference books and a library.

None of this work is done in vain, for students get report cards every six weeks on a basis of what he or she can do under his own particular circumstances. They are obtained from the individual schools so that the children can keep up to date on their lessons.

## Local TB Officials At Parley

POCONO MANOR — Five representatives of the Monroe County Tuberculosis and Health Society are attending the 70th annual meeting of the Pennsylvania TB and Health Society which opened here yesterday.

Attending the afternoon meeting of the effective board of the state society were Dr. Perry Sterns, Carl T. Secor, Mrs. Nelson Beers and Mrs. Joseph Shukalik, all Monroe County society board members.

Mrs. Estelle Fleming, executive secretary of the Monroe County society, attended the meeting of the Pennsylvania Conference of Tuberculosis Workers.

At the effective board session, Cyril O. Houle, professor of education at the University of Chicago, led a discussion on the makeup and duties of such boards. Richard S. Lougee, Lackawanna County executive secretary, preside at the TB workers meeting, attended by more than 200 persons.

The luncheon speaker was Albert A. Cantello, former Olympic javelin champion and now a member of the faculty at Methacton Junior-Senior High School at Fairview Village. His topic was "Youth and the Health of Our Nation."

Cantello also presented school press awards for articles on TB eradication. Rev. Francis G. Barrett, assistant pastor of St. Matthew's Church, East Stroudsburg, gave the invocation.

Mrs. Beers represented the Monroe County delegation at a dinner meeting of the state board last night.

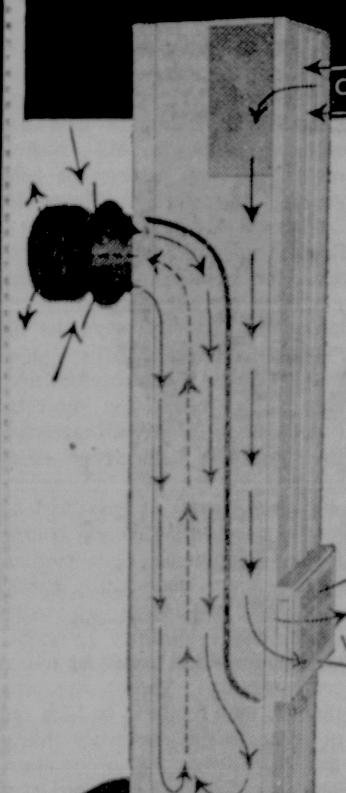

## Wildlife Week Is Observed

CONSERVATIONISTS in Pennsylvania observed National Wildlife Week last week. The week was set aside to pay tribute to the importance of wildlife to our everyday living.

Ivan McKeever, state conservationist with the United States Soil Conservation Service said the week gave an opportunity to emphasize that good game management begins and ends with the soil. Good land use provides both food and cover. Annually nearly one million hunters tramp through the state. Over 80 per cent of the small game taken comes from farm lands.

The local Soil Conservation District is celebrating its 25th anniversary this year. Farmers, cooperating with the districts and using soil conservation practices on nearly four million acres of land are improving the wildlife resources of the state.

## New Bangor High Opens Monday

BANGOR Area's new high school will be formally opened for more than 500 senior high school students when classes are held in the new building in Upper Mount Bethel Township on Monday morning.

For the past two and a half weeks senior high school teachers have been preparing to move into the new building and Friday all students of the area joint system will have a holiday. The day has been designated by the joint school board as "Moving Day."

The new building, costing approximately \$2,185,000 and erected on a 42-acre area, will contain the latest devices that

are known in modern education.

They extend from a spacious gymnasium which will seat 1,084 people, for home basketball games, to the very smallest

detail for an outstanding guidance program.

The building contains separate laboratories for chemistry, physics and biology; a language laboratory; home economics space; vocational shops for industrial arts and agriculture; an art room and a large auditorium modern in every detail with seating for 860 persons and a stage large enough to seat the graduating classes of 250 students.

The building has been constructed through the joint efforts of six districts, namely Bangor, Roseto and Portland Boroughs and Upper and Lower Mount Bethel and Washington Townships.

As of July 1, 1962 East Bangor will become a formal member of the present jointure extending the membership to seven districts.

The Daily Record, The Stroudsburgs, Pa.—Thurs., March 29, 1962

## Monroe General Hospital Accredited By Commission

MONROE County General Hospital, East Stroudsburg, is among 19 Northeastern Pennsylvania hospitals which have been accredited for 1962 by the Joint Commission on Accreditation of Hospitals, Chicago.

Accreditation is based on a survey, requested by the hospitals, of facilities and patient care. Of approximately 6,000 eligible hospitals throughout the nation 4,500 requested the survey and about 75 per cent were accredited.

Accredited hospitals in this area are: Hahnemann, Mercy, Moses

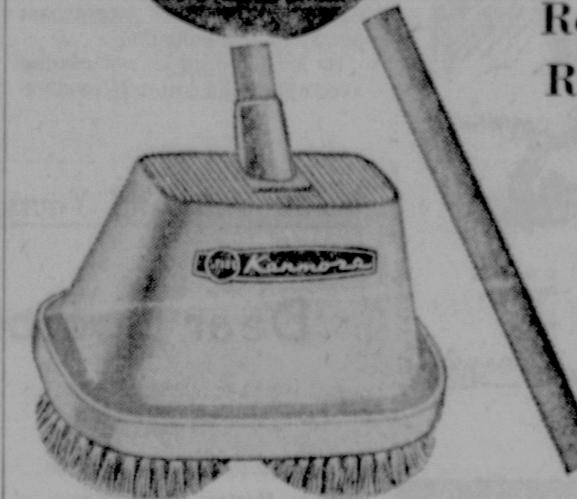

dale General and St. Joseph's, Carbondale; Wayne County Memorial, Honesdale and Pittston Hospital.

Others are Mercy, Wilkes-Barre General and Wyoming Valley, Wilkes-Barre; Nanticoke State General; Nesbitt Memorial, Kingston; Robert Packer, Sayre; Hazleton State General and St. Joseph's Hazleton.

## Let's Get Going!

Now that the Delaware River Basin Commission has its basic housekeeping problems solved, we sincerely hope that the plan for immediate construction of the Tocks Island dam and reservoir will be expedited. Too many years have already been lost in assuring this vital water resource to the people of the eastern United States.

It is our belief that the Commission chose wisely in selecting James F. Wright, a top-notch water resources specialist, as its executive director. Pennsylvanians, of course, would have liked the naming of their own Dr. Maurice Goddard, but he has other important work to do.

While the final headquarters of the Commission was designated as Trenton, there is little doubt but that an important field office will be located somewhere in our immediate area during the actual construction of the proposed dam. The main headquarters site is of little consequence to us.

The third major accomplishment at yesterday's meeting was the adoption of an operating budget for the Commission. This, of course, is as necessary as having the Commission itself.

However, now that this preliminary work has been finished, there is still the major work to be done—the accomplishment of the ends for which the Delaware River Basin Commission was formed. It is a time for immediate and concentrated action along this line.

The question of an adequate dam for water supply, flood control, hydroelectric power and recreation along the Delaware River in this area has been kicked around by various agencies for three decades. The devastating floods of 1955 brought the need vividly before the people of our government and our nation. The stage has been set—and we are now ready for the action.

Let's get going on the Tocks Island project!

### Opinions Of Other Editors

#### Rickover On Education

While Adm. Hyman G. Rickover is best known as the father of the nuclear submarine, he has acquired—and is increasing—a reputation as a crusty and caustic critic of some of our national shortcomings. The weaknesses in our education system have been one of the principal targets of his attacks.

He has renewed his assault on the failings of our schools—elementary, secondary and college-level—in an article in the current issue of McCall's magazine. In typical Rickover phrasology, he warns that our youth, taught "how to be likable, lovable and datable," can not compete in the cold war against their Russian rivals educated in technology and in the fundamentals of their country's political system.

—Scranton Times

European education generally is far ahead of ours, Admiral Rickover charges, with the students there "out-pacing" our children at every level.

A primary cause of the inferiority which he attributes to the American system is the insistence of American educators in "clinging to the comprehensive school because it looks so democratic." To the contrary, says Admiral Rickover, European countries feel that it is not "democratic" to hold back gifted and talented students in order to continue comprehensive schooling.

He has many other faults to find with our educational policies. If he is on solid ground, his criticism will serve a good purpose if it causes American school administrators to undertake a reappraisal of our educational system.

George Sokolsky

#### The Tariff

WHEN the United Mine Workers adopt a high tariff policy, the changes that are taking place in the thinking of the workers are notable. While businessmen and bankers and their various associations hold different opinions on this subject, depending upon how much capital and how many jobs they have exported, the working man must protect himself from unemployment and government imposed impoverishment.

This is part of an editorial which recently appeared in the United Mine Workers Journal:

"The show-down battle over foreign trade policy has just begun in the 87th Congress. The immediate concern of the coal industry, the UMWA and allied industries and labor organizations is to convince the powerful House of Representatives Ways and Means Committee that American coal must be protected from the ravages of imported residual (waste) oil."

"If the Trade Expansion Act of 1962 (H.R. 2900) is enacted by the Congress it will make the Chief Executive a virtual dictator over the economic welfare of American business and industry and the jobs of millions of American workers."

"Under the proposed legislation the Congress would give up, once and for all, its constitutional authority to regulate foreign commerce. The new foreign trade act would place in the

hands of the President of the United States absolute control over the import-export policy of the nation. It would permit the Chief Executive to open the flood gates to a deluge of cheap-labor produced foreign goods."

This will be the principal issue in the 1962 Congressional campaign and it will surprise the politicians of both political parties to discover that labor rather than management has gone high tariff. Should there be increased unemployment, the so-called labor statesmen who prefer to go along with President John F. Kennedy will have a revolt on their hands. The United Mine Workers Journal deals with this, too:

"The AFL-CIO, as a federation, is supporting the 'free trade' program, although many affiliates are actively opposed because of the damaging effect the program will have on American jobs and the American standard of living. The Federation's position is contrary to the traditional protectionist policy of American labor. It seems to be based on expediency..."

The real difficulty is that the United States has become involved in treaties and agreements that it is almost hopeless to make head or tail out of it. The worst of these is GATT which in a measure deprives the United States of its sovereignty in economic matters.

#### The Pennsylvania Story

#### Candidates Are Human

By Mason Denison

Harrisburg — Candidates for public office are human — presumably — and as a result the foibles, or personal quirks, of these people are as interesting and perhaps as indicative of the individual as anything possibly can be.

This facet was brought to mind the other day when candidates for office turned up on Capitol Hill to "draw" for position on the coming May 15 primary ballot.

To illustrate the point: we noticed one veteran member of the State House of Representatives (who is seeking a return engagement) gently slap his right hip pocket twice before reaching in to draw his number (the lower the number, the "top-most" the position on the ballot).

Curiously, he used his left hand to draw his number although he is a strong right-hander.

Our curiosity aroused, we

asked the gent in question whether his almost imperceptible hip-slap was on purpose or just coincidence.

"Oh no," he replied. "It's just one of those things I do — for good luck I guess you'd call it — before I make any important political move."

Did his luck hold out and provide him with a first place spot on the ballot? Not quite — this year for the first time he drew third position!

This lad isn't alone in his realm of "personal foibles" by a long shot. For example, Governors Gifford Pinchot, John S. Fine and James H. Duff all seemingly delighted in wearing wide-brimmed hats. Governor George M. Leader, as we recall, half the time didn't wear a hat during his campaign days — but the bombing oftentimes became his mainstay after he was in office along with an everyday snap-brim.

As for incumbent Governor David Leo Lawrence, he likes to don a medium-wide felt job.

The more we thought about it the more we became amused, as we recalled during our nearly 25 years covering Capitol Hill, some of the "personal peculiarities" of some of Pennsylvania's top officeholders.

Back in the late 1930's (when vests were the order of the day) there was the senator who invariably insisted on pulling the two ends of his vest down smartly and sharply over his rather well-filled mid-section as he stood up to speak. In his excitement over a piece of legislation one day he followed the usual routine — out popped a hidden cookie from a vest pocket, to tumble ignominiously to the floor and disintegrate in a pile of crumbs.

A few years ago there was the rather tallish cabinet member who everytime he got up before a microphone, insisted on a gentle left-hand tap of the metal stem holding the mike. On this particular occasion there was a "short" in the mike and the tap brought on frozen tuning-fork stance of some 30 seconds duration until the electricity could be turned off.

And there is the case of a State Police Commissioner of some years ago who invariably started any discourse with Capitol Hill newsmen with the invigorating phrase, "no comment." One of the newsmen at the time happened to have a name similar to that of the man at the moment serving as Pennsylvania's governor. The secretary put the call through to the State Police head, announcing the name the Commissioner thought was that of the newsmen, with whom earlier that day he had had somewhat of a tiff. "No comment" came the PSP bark over the phone and down went the receiver. The phone rang again and before the doughty State Police head had a chance to open his mouth, the voice on the other end of the line snapped: "This is the Governor — don't slam that phone down again on me!"

Route 611 was closed for two months to allow work on the new three-lane highway between Stroudsburg and Bartonsville to be completed.

Peter Pasko, East Stroudsburg State Teachers College, was picked for the 1942 All-Pennsylvania collegiate basketball team.

If the Kennedy Administration can find a formula for preventing unemployment, this problem could solve itself. But unemployment is intolerable. It is a tough nut to crack and thus far no wise man has come forth with a solution.

Thus domestic economics comes into conflict with international political policy and compromising decisions do not help because involved in this question are jobs for our workers.

If the Kennedy Administration can find a formula for preventing unemployment, this problem could solve itself. But unemployment is intolerable. It is a tough nut to crack and thus far no wise man has come forth with a solution.

## Obituaries

### George Salvio, East Stroudsburg

GEORGE Salvio, 59, of 104 E. Broad St., East Stroudsburg, died at the home of his wife's parents at 1122-68th St., Brooklyn, N. Y., yesterday. He had previously been patients in Methodist Hospital, Brooklyn.

He was employed by the Hughes Printing Co., East Stroudsburg, for approximately 25 years and was active in Local 943, East Stroudsburg Typographical Union.

He was a member of St. Matthew's Church and its Holy Name Society.

Surviving are his wife, Mrs. Jennie Salvio, at home; a daughter, Mrs. Louise Pickart, Long Island, N. Y.; two sons, Edward, living in Maryland, and Richard Salvio, Long Island, and 10 grandchildren.

Friends may call at the Andrew Torregrossa Funeral Home, 1305 79th St., Brooklyn from 7 to 9 p.m. today.

Requiem Mass will be celebrated in Regina Pacis Church, Brooklyn, at 9:30 a.m. tomorrow with burial in St. Charles Cemetery.

### John Hotaling, Mountainhome

JOHN J. Hotaling, 75, Mountainhome, died at his residence at 4:30 p.m. yesterday.

He was born in Greenwich, Conn., the son of Charles T. and Nellie Clark Hotaling, and had been a permanent resident of Mountainhome for eight years after spending five summers there.

He retired 10 years ago as a textile salesman and was a member of St. Ann's Church, Canadensis.

Surviving are his wife, Mrs. Mary T. Hotaling, and a daughter, Miss Mary Jane Hotaling, at home; five sons, John J., Jr., Miami, Fla.; A. Stephen and Arthur T., Cleveland, Ohio; Charles A., Brooklyn, N. Y., and James H., living in England, and nine grandchildren.

Arrangements will be arranged by the William H. Clark Funeral Home.

### Ella Kurtz, East Stroudsburg

MISS ELLA M. Kurtz, 87, of 106 Analogomink St., East Stroudsburg, died at 8:50 p.m. yesterday in Allentown State Hospital.

Arrangements will be arranged by the Lanterman Funeral Home.

### L. Eilenberger's Funeral Today

Services for Lewis Eilenberger, 78, of Nazareth, RD 1, and father of Vernon Eilenberger, East Stroudsburg businessman, will be held today at 2 p.m. in the Schmidt Mortuary, Nazareth. Interment will be in Fords Cemetery, Stockertown.

Mr. Eilenberger died Monday at 3:15 p.m. in Mar-Ment Manor Nursing Home, East Stroudsburg.

### Abraham Smale's Rites Conducted

FUNERAL services for Abraham Smale, 78, East Stroudsburg, RD 2, were held yesterday in the Lanterman Funeral Home. Rev. William F. Wunder officiated and burial was in Prospect Cemetery. Pallbearers were Harry Walton, Arthur Einolf, Frank Hoke, Newell Taylor, Sr., Harold Bird and Levi Merring.

### William Brown's Burial Held

FUNERAL services for William H. Brown of Easton were held yesterday in the Gantzhorn Funeral Home, Tannersville. Rev. Samuel Kistler officiated and burial was in Tannersville Methodist Cemetery.

Pallbearers were Charles Nicolson, Joseph Stettler, John Reichard and Addison Tucker.

### Sheriff Slayer Is Granted Stay

PITTSBURGH (AP) — Convicted sheriff slayer John Butler of Girardville was granted a further stay of execution Wednesday pending final determination of his appeal to the Federal Third Circuit Court of Appeals.

Butler's appeal is from a ruling last Wednesday by Judge Herbert P. Sorg of U.S. District Court in Pittsburgh, denying Butler's petition for a writ of habeas corpus. Judge Sorg granted the stay Wednesday on the motion of Butler's counsel, Mrs. Marjorie Matson.

In his ruling last week, Judge Sorg directed that his order of Feb. 8 staying Butler's execution pending final disposition of the habeas corpus petition be vacated as of next Monday.

Butler originally had been slated to die in the electric chair the week of March 5 in the pistol slaying of Northumberland County Sheriff James Lauer near Pittsburgh on May 27, 1959.

GOV. DAVID L. LAWRENCE has proclaimed the week of May 6 to 12, 1962, as Youth Fitness Week for Pennsylvania and called the attention of parents throughout the state to the well-considered program established by the Department of Public Instruction. Those taking part in the ceremony include: Sitting left to right: Miss Genevieve Zimbar, President of Pennsylvania State Association for Health, Physical Education, and Recreation, East Stroudsburg State College; Gov. Lawrence. Standing Dr. George Hoffman, Deputy Superintendent of Department of Public Instruction, Shippensburg; Bernard N. Rockovich, Adviser of Health, Physical Education and Recreation, Department of Public Instruction. Rockovich is an ESSC graduate, left.

## Governor Approves Plan To Realign Education Unit

HARRISBURG—Gov. David L. Lawrence yesterday approved a reorganization plan for the Department of Public Instruction, presented to the State Executive Board by Dr. Charles H. Boehm, State schools superintendent.

The plan is based on recommendations of the Governor's Committee on Education and will dovetail with the operations program of the U.S. Office of Education effective April 1.

The new table of organization realigns the department under five deputies with renewed stress on the field of higher education. In addition to a deputy superintendent for higher education, the table provides for deputies in charge of staff services, instruction, development, and school administration.

"These changes are the direct result of the studies and recommendations of the Governor's Committee," Doctor Boehm said. "It provides new directions and an orderly realignment of responsibilities that will allow the department to meet the challenges of the next decade."

The duties of the department would be divided among five deputy superintendents and each would have equal responsibility for the administration of their respective areas.

**Areas of Responsibility**  
The designations and areas of responsibility of the five deputies will be as follows:

Deputy for Staff Services: Bureau of Administrative Services;

**Good Records Help Prepare Tax Returns**

TAXPAYERS who kept good financial records last year should have no trouble preparing their 1961 Federal income tax return. District Director R.P. Brownell of the Scranton office of the Internal Revenue Service stressed yesterday that complete records are especially important to taxpayers who elect to itemize deductions.

Accurate expense records also are essential if a taxpayer's return is selected for audit, he said.

Please do not mail your records with your 1961 return. Just keep them in the event you are required to substantiate entries on your return, Brownell said.

Another advantage, he advised, is that taxpayers with good records can complete and mail their Federal tax returns as soon as they receive their W-2 withholding tax statements, thus eliminating last-minute searches for such papers as the filing deadline draws near.

## Mazur Named To 'Legion Of Leaders'

KASHMIR Mazur, Gray Chevrolet, Tannersville, has been named to membership in Chevrolet's "Legion of Leaders" an honor club for salesmen. The award was made at a banquet in the Latin Casino by fellow members in the Division's Philadelphia Zone.

This is Mazur's fourth entry into the group for his accomplishments and being second highest salesman in the zone. He received a list of prizes.

"Legion of Leaders" was organized in 1926 and has become the most rewarding recognition program for salesmen in the automotive industry.

Two weeks ago, Mazur was also cited to the "Hall of Fame" a truck sales honor club.

## ARA Approves Industrial Loan

WASHINGTON (AP)—The Area Redevelopment Administration has approved its first industrial loan for Pennsylvania, Sen. Joseph S. Clark, D-Pa., was informed Wednesday.

Deputy for Development: Bureau of Research; Bureau of Curriculum Development; Bureau of Teacher Education; Bureau of Program Development Projects; State Library.

Deputy for Instruction: Bureau of General and Academic Education; Bureau of Technical and Continuing Education; Bureau of Pupil Services, including guidance and testing; Bureau of School and Program Evaluation; Bureau of Instructional Materials and Mass Media Services.

Deputy for School Administration: Bureau of District and County Affairs; Bureau of Building Construction and Transportation; Bureau of State Operated Schools and Programs; Bureau of Federal and State Affairs; Bureau of School District Reorganization.

Deputy for Higher Education: Bureau of Higher Education Development; Bureau of Undergraduate Education; Bureau of Graduate Education; Bureau of Higher Education Special Services; Bureau of State Colleges.

The duties of the department would be divided among five deputy superintendents and each would have equal responsibility for the administration of their respective areas.

## Covers 1st Quarter Of 1961

## Monroe Employment Figures Released

### Record Harrisburg Bureau

HARRISBURG — A total of 9029 persons were employed in Monroe County during the first quarter of 1961 — a 1.7 per cent decline from 1960, the State Department of Labor and Industry revealed in its once-a-year report on industries covered by the Pennsylvania Unemployment Compensation Law.

(Second, third and fourth quarter reports are not made.)

The 9029 represented a decline of 159 as compared with 9188 persons employed in the county during the first quarter of 1960.

Wages earned by the 9029 workers during the quarter rounded out to \$7,907,000 or a decline of 1.2 per cent from the \$8,002,000 earned during the same period of 1960.

Here is a breakdown of employees and wages by industry for the 1961 period:

Mining, nine employees, \$10,186 in wages; building construction, general contractors, 162 employees, \$124,945; construction other than building, general contractors, 6 employees, \$70,717; construction, special-trade contractors, 233 employees, \$184,949; textile-mill products, 283 employees, \$212,797; apparel and other finished products made from fabrics and similar

materials, 659 employees, \$353,168; printing, publishing and allied industries, 595 employees, \$727,916.

### Leather Products

Leather and leather products, 224 employees, \$161,856; fabricated metal products (except ordnance, machinery and transportation equipment), 637 employees, \$843,965; machinery (except electrical), 210 employees, \$274,576; miscellaneous manufacturing industries, 755 employees, \$746,806; other manufacturing, 834 employees, \$932,643; motor freight transportation and warehousing, 119 employees, \$101,013; communication, 162 employees, \$190,699; other public utilities, 121 employees, \$146,730.

Wholesale trade, 206 employees, \$190,640; retail trade, building materials, hardware and farm equipment, 117 employees, \$136,952; retail trade, general merchandise, 398 employees, \$267,620; retail trade, food, 203 employees, \$167,825; automobile dealers and gasoline service stations, 279 employees, \$252,488; retail trade, eating and drinking places, 361 employees, 377 employees, \$263,128; miscellaneous industries, 44 employees, \$31,637.

The department pointed out that the figures cover only employers covered by the unemployment compensation law. Major exemptions from coverage are services performed for federal, state and local governments, interstate railroads, agricultural establishments, domestic services in private homes and self-employed persons.

Retail Trade

Retail trade, miscellaneous retail stores, 177 employees, \$113,483; other trade industries, 114 employees, \$79,165; banking, 136 employees, \$112,255; other finance, insurance and real estate, 139 employees, \$118,400; hotels, rooming houses, camps and other lodging places, 1306 employees, \$890,000; personal services, 109 employees, \$59,833; other services,

### Red Fugitives

MACAO (AP)—A total of 113 fugitives from Communist China reached this tiny Portuguese colony Wednesday. Among them were seven girls from 18 to 22 who swam across the 100-yard West River channel separating Communist China and Macao. The rest arrived by fishing boats.

### Brandt Visits

LONDON (AP)—Willy Brandt, the mayor of West Berlin, arrived by plane Wednesday for a six-day visit to Britain.

## Chief Judge Of Federal District Court, 59, Dies

SCRANTON, Pa. (AP)—John W. Murphy, chief judge of the U. S. District Court for Middle Pennsylvania, died Wednesday. He was 59.

Murphy, whose first job was as a breaker boy in a coal mine in his native Avoca, Pa., had been in ill health for two years, but had continued on the bench until three months ago.

Before going on the federal bench in 1946, he had been a congressman from the 10th Pennsylvania Congressional District.

While in Congress Murphy

served on the Joint Senate-House Committee which probed the Dec. 7, 1941, attack by the Japanese on Pearl Harbor.

As a judge he served for many years on the Judicial Conference Committee on Operation of the Jury System in U. S. Courts.

While working in the coal mine, Murphy decided to become an attorney. He worked his way through the University of Pennsylvania and its law school by waiting on tables, doing odd jobs and working as a railroad section hand.

After receiving his law degree in 1929, he served as an assistant district attorney in Lackawanna County, and in 1943 was elected to Congress, succeeding the late majority whip, Patrick J. Boland. He was serving his second term when then President Truman appointed him to the U. S. District Court Bench.

Murphy was a member of the board of managers of the University of Pennsylvania Law School and chairman of the board of Marywood College here.

Survivors include the widow, Ella; two sons, John W. Jr. and George; two daughters, Ellen and Mrs. Edward W. Bonin Jr., and four grandchildren.

Services will be held Saturday from the Murphy home followed by a Solemn High Mass of Requiem in St. Paul's Roman Catholic Church here at 10 a. m. Burial will be in St. Catherine's Cemetery at nearby Moscow.

TRANSFERRED — Lt. (jg) Farley Pechatka, husband of the former LaVerne Nauman, is currently visiting with his family, including his six-month old son, Ley, while being transferred from Naval Air Station, Sanford, Fla., to Public Works Center, Guantanamo Bay, Cuba. He will leave for his new post April 9.

## Wins E-Burg Homemaker Competition

ROSEMARY Jones, daughter of Mrs. Alberta Jones, 5 E. 6th Street, East Stroudsburg, is the winner of the East Stroudsburg Area Joint High School "Home-

maker of Tomorrow" competition.

She is competing with winners of other state high schools for a \$1,500 scholarship and an expense paid tour of New York City, Washington, D. C., and Colonial Williamsburg, Va.

Her high school activities include: glee club, senior play, yearbook literary staff, Eastburger staff. She also is a member of the National Honor Society.

# Easter Seal Funds Help Many Children

## Local Board Of Directors Disburses Funds In County

THE LOCAL 1962 Easter Seal Hearing Aids ..... 35.00  
appeal, under the auspices of Dental Work ..... 100.00  
the Monroe County Crippled Children and Adults Society, is  
well under way. Seals were  
mailed out more than a week ago to all area residents, and  
some of the early returns have  
already been noted.

Clarence S. Rutt, chairman  
of the drive, said urgency is the  
key word for this year's fund-  
raising effort. "The society urg-  
ently needs more money just to  
finance existing services. More  
money is urgently needed to  
provide more services because  
there are many more children  
and adults who need help."

Easter Seal contributions are  
the society's main source of in-  
come. The drive must be a suc-  
cess, according to Rutt, or Mon-  
roe County will fail its crippled  
people. If everyone gives some-  
thing, no one will be denied  
service, the chairman said.

Following is a partial list of the  
services rendered Monroe  
Countians during the past year,  
all made possible by your Easter  
Seal dollars:

Physio-Therapy ..... \$411.00

Speech Therapy ..... 75.00

IT HELPS A LOT—The heart-warming therapy of sunshine, fresh air and a carefree heart help relieve the burden for crippled children at places such as Camp Daddy Allen in Monroe County, where rehabilitation work is financed by Easter Seal contributions.

## Speed And Sound Barriers Are Modern-Day Problems

By JOHN BARBOUR  
Associated Press Science Writer

A jet bomber streaks from coast to coast—faster than the sound of a human voice or the roar of a monstrous engine can travel.

It leaves some of us in its earthy path, shaken by its wake of air, like rowboats tossed by the furious wake of a speedboat.

In fact, this is exactly what happens: A powerful shock wave of air created by the bow of the jet plane spreads out in a cone—and part of it eventually crashes into the earth below.

Recently a B-57 Hustler bomber—blazing a new cross country speed record—left a trail of bewildered humans, and broken windows in its wake.

of crippling. It was founded, is directed, and aided by volunteers. It is financed by voluntary Easter Seal contributions from the public. Finally, the society provides direct service, care and treatment to crippled children and adults.

Your once-a-year voluntary contribution to Easter Seals finances the rehabilitation services to over 50 crippled children and adults in Monroe County.

As jet planes become faster and more numerous, this will occur more often, experts warn.

What happens is fairly simple. Sound travels in waves—bands of pressure and bands of relaxed pressure in the air. Again it is like the bow waves moving from the front of the boat. There is a wave, or a hill of water, followed by a trough or valley of less water.

It is the way that energy—like the wake of the jet plane's speed—travels through air or water. If you could look at the individual air particles or molecules, you could see that they pass this energy one to the other.

A jet plane, moving faster than sound (generally faster than some 750 miles an hour), is faster than the individual air molecules can move. These little atomic pack-

ages of air can't get out of the way of the speeding plane fast enough.

So they pile up like water at the front of a boat. But the plane gives them a wallop too, and they pass this wallop on to their neighbors and so on.

Then these waves of energy or sound trail off around the airplane.

The shock wave in front of a plane forms a cone, and the waves radiate out in all directions—as they do when you drop a pebble in a quiet pool. But most of the waves spend themselves in distance or in space. Only the earth below gets their impact.

For jet interceptor planes, speed is most important. But the U.S. Air Force insists that its pilots never pass through the sound barrier unless they are over 35,000 feet, or on a real intercept mission.

The movement of sound—and so the movement of the sonic booms—are governed by many things: humidity, wind, cloud cover, even the warmth of the air. There is really only one defense against them: distance.

## Lawn Care In Spring

**LAWN CHEMICALS:** There's been so many new lawn chemicals, products and recommendations on the market a gardener has a hard time keeping up to date on them. Two new ingredients you'll find in crabgrass products names include zyturon and dacthal. These ingredients are commonly found in some crabgrass chemicals.

Other chemicals found in brand names include arsenous oxide, calcium arsenate, calcium propyl arsenate, to name a few. This lesson in chemistry is going to stop right here.

If you're bent on eradicating crabgrass remember that nearly every major lawn product manufacturer has gone into the '62 season with either a completely new product, or at least one that differs in some respects from last year's product. Study the label, and ask your dealer for literature which accompanies the product you buy.

New pesticides, new fertilizers, new chemicals for fighting weeds, these all change so fast. Be sure to follow the recommendations of the manufacturer. One thing you can be sure of. Your lawn can always stand a spring feeding. Get the spreader or sprinkler out to push the grass along and let it help crowd out the crabgrass.

**A GRAPE SPRAY:** Grapes are one fruit you can usually grow without a great deal of spraying. However in some years pests and diseases are so bad spraying is needed. What is a good grape spray for the home garden?

There are four main grape diseases: Downy mildew (causes leaves to turn rusty color); Powdery Mildew (causes clusters of berries to dry, dwarf or berries to drop); black rot (causes berries to shrivel or mummify, and the last problem is really an insect pest, the grape berry moth. This insect spins a web about the clusters, and it feeds on the clusters.

Control For All Above: 2 oz. of 50 per cent DDT, 1 ounce of a detergent, added to 6 gallons of water. Add 1 cupful of Bordeaux Mixture (copper sulfate) to the above to check the diseases.

Spray top and bottom foliage, first spray just before blossoming, the second after the blossoming is over, and the berries the size of Buckshot.

**FIRETHORN:** Pyracantha is best planted in spring with a ball of earth intact. Provide full sun. It's natural for a big crop of berries one year, few or none the next. They bear in alternate years. When berries turn brown and ferment usually it's due to bacterial or fungus disease. Spray with Captain to check it. Birds can become intoxicated from eating the fermented berries. If your bush is getting too tall, restrain it by trimming it at the height you want.

Summer is best time to do the job. When dead branches appear, cut these out quickly and burn them. Make cut well below the diseased part to avoid spreading the bacteria.

You can start new pyracantha from cuttings taken in July. Place them in 3 or 4 inches of sand, with plastic sheet over, to maintain humidity. Keep watered several times daily. Rooting them in a cold frame is a common practice.

**CHESTNUTS:** If you see an old blighted American chestnut tree sprouting from the base, does that mean the tree is staging a comeback by shaking off the blight? No. The ability of the American chestnut to send up sprouts from the base has given rise to the erroneous impression that the nut tree has developed an immunity.

By raising seedlings of hybrid or native Chinese and Japanese chestnut stock, researchers hope to develop tree forms which might make a potential timberland replacement for our native species. Has any one a native chestnut which is producing nuts? Please write and tell me all about it.

**NECTARINES:** Can these be grown in cold regions? If you can grow peaches, then you can grow nectarines, which are nothing but peaches with fuzzy skins. Like peaches, nectarines may be cling stone or freestone and may have yellow or white flesh.

I'm interested in a dwarf nectarine on the market. The tree grows 8 to 10 ft. high, fruit has bright red cheeks, and flesh is white, coming free from the pit. The tree can also pollinate itself, meaning that you plant only one tree for a bumper crop.

## Construction Costs Going Up

**NEW YORK (AP):** Construction costs are heading higher, says Engineering News-Record, a trade magazine of the heavy construction and engineering industries. It cited higher lumber and cement prices, and said higher steel prices loom in the future.

## 'Lazy' Not Insult

**MEXICO CITY (AP):** A woman can't divorce her husband just because he calls her lazy, the attorney general's office held in an opinion this week. It reasoned the expression is so casual and common that it's not an insult.

## Art Of Seeing

By MARCIA CLAPP

DID YOU EVER notice the flowers growing around the lone pole on 5th street at Quaker Alley?

I have always wondered what public spirited person took the trouble to beautify that spot and at last I have found out. Mrs. Floyd Williams who lives at 17 N. 5th, each year shares her own flowers by braving traffic and planting a cluster of flowers around the pole. This gift of color brightens the eyes of the passerby who pauses to look.

What a beautiful town we would have if each of us cared enough to give a bit of beauty for others to enjoy. Wyckoff's Store always has a lovely bouquet of flowers in their window boxes and the Penn-Stroud Hotel keeps evergreens and flowers on their balcony. Wouldn't it be wonderful if other people in our community would join these pioneers.

In looking at this Pennsylvania Dutch pie plate I was attracted by the vine growing from the lower left, swinging over the head of bird. The flowers on the vine suddenly reminded me of that pole and the thoughtful woman who has the same artistic desire to decorate it. Just as the potter enhanced this plate with flowers.

For you see, the plate would be just as serviceable without flowers. But all of us need grace and embellishment to make our daily lives more pleasant. How dull our days would be without flowers and their gay color for "we do not live by bread alone."

Not only did these craftsmen decorate their pottery, but nearly every article of weaving, furniture, metal was enhanced with motifs of tulips, unicorns, doves, hearts and stylized floral forms. The Pennsylvania German ancestors in Europe had used for centuries these designs which contain deeply religious symbolism which gives their art a timeless quality.

There are wilt-resistant seed on the market which give plants some immunity, not 100 per cent as many expect. Your best bet is to try the resistant types such as the Late Branching type, the Crego and the Powderpuff asters. Even these develop wilt as soon as you see infected plants pull and burn them immediately.

As far as "yellows" is concerned, your best bet is to keep insects out. Leafhoppers and other pests transmit the virus from nearby weeds. DDT is still one of the best materials for controlling leafhoppers. Commercial florists grow asters under cloth houses. The cheesecloth used has 22 meshes per inch to keep out the small insect.

T.L. of Readers: "I wish you could tell me how to keep dogs out of our shrubs! They've ruined our tulips and evergreens."

**70 Fugitives**

MACAO (AP) — More than 70 fugitives from Communist China reached this tiny Portuguese colony over the weekend in seven fishing boats.

It's natural for cyclamen to go to the other way this time of year. Hot dry rooms, low moisture content in soil, or a lack of light will cause the leaves to turn yellow and drop.

Cyclamen should be kept cool, amply watered and free from too much heat or light. After blooming, dry off the bulb, allow it to rest in the cellar or attic. Repot in August and bring indoors. It's worth keeping the bulbs or corms over, although many prefer to buy new plants each year.

You can start new plants from seed. Takes about 18 months to grow a sizeable plant that way.

### Fire Auxiliary Donates Sum To Hospital Fund

A fashion show was presented by members of the Mount Pocono Fire Company Auxiliary at their March meeting. Members of the auxiliary recently completed a YMCA course in sewing.

Mrs. Francis O'Boyle won in the competition with a child's dress, pinocchio and hat modeled by her daughter.

Mrs. George Bean presided at the meeting with 44 women attending.

Miss Ann Dudewicz was accepted as a new member. Guests included: Mrs. George Clark, Mrs. Mason Linn, Mrs. John P. Lanch, Mrs. William Post and Mrs. George McCollum.

Mrs. Richard Lutz was named chairman of the swim day program. Plans were made for an adult dance class which will begin as soon as ten couples have registered.

A square dance will be held May 4 with Mrs. Roy Gross, Eileen Gross, Mrs. Richard Lee, Mrs. Richard Lutz and Mrs. Merton Kresge in charge.

Mrs. Lloyd Shaffer, Mrs. Walter Schneider, Mrs. Dorothy Schroeder, Miss Pauline Schrader, Miss Helen Saleeba and Mrs. Herbert Sharbaugh will be hostesses for the April meeting.

The auxiliary voted to donate \$200 to the Monroe County Hospital Building Fund.

Refreshments were served by Mrs. George Reiz, Mrs. Clara Renschler, Mrs. William Saganich, Mrs. A. Salerni and Mrs. Michael Saganich.

### POA Officers Installed In Saylorburg

—

Saylorburg — Roberta Kimble was elected president of Camp 208, POA of Thursday night but due to illness, was not present for installation.

Officers seated were: Elva Knowles, past president; Selma Greenamoyer, assistant past president; Estella Smith, vice president; Eva Snyder, recording secretary; Violet Meixsell, treasurer; Mary Sharer, chaplain; Verna Shoemaker, orator and Lavina Hoffner, Lydia Metzgar and Bessie Alexander, color-bearers.

The installation was conducted by Grace Miller, district president and her staff of officers. They were: Flora Garis, Eunice Fenner, Helen Van Why, Kathryn Knox, Martha Smith, Catherine Fabel and Catherine Shields, all from Camp 289, Saylorburg.

Refreshments were given by Grace Miller, district president; Flora Garis, past state and national president; Eunice Fenner, state sentinel and Helen Van Why. Verna Shoemaker, orator, read a poem.

Refreshments were served.

THE PAY-OFF—CORINNE PANSY'S love of art netted her a \$25 United States Savings Bond in the "Aunt Jemima" coloring contest.

(Photo by MacLeod)

### Coloring Contest Winner For Pancake Festival

Corinne Pansy, nine year old daughter of Mr. and Mrs. Joseph R. Pansy, 7 N. Second St., Stroudsburg, won the "Aunt Jemima" coloring contest sponsored by the Jr. Woman's Club of the Stroudsburgs in connection with their Pancake Day, Saturday.

Miss Pansy won a \$25 United States Savings Bond. She is a fourth grade student at the Ramse School and "loves art."

Roxanne Pansy, five year old sister of the prize winner, received honorable mention as did Rebecca Pabst, 11, and Larry Zaccaro, Jr., six.

Mr. and Mrs. F. Linton Patterson, III, and William Wilson were judges.

"Aunt Jemima" will appear in person at local elementary schools and make her entry into the boughs in a parade beginning at 7 p.m. tonight.

She will make guest appearances at schools tomorrow and be present for entertainment at the Pancake festival Saturday at the American Legion Hall.

Entertainment will continue throughout the festival featuring the Community Chorus, the Continentals, Robert Posten's Combo and Charles Coco's "one man band." Ginger Ale will sing as will Billy Collins and the Mountaineers, from Stroud Union High. Aunt Jemima will perform vocal solos.

Tickets are available from Frances Burrows, Holiday Gift Shop, Flagler's Drug Store, the Acme Market, George's Shoe Store, Wyckoff's Appliance Center, all in Stroudsburg. In East Stroudsburg, tickets may be purchased in Town and Country, Caramella's Store, Krege's Drug Store, Wiggins Store, in Tannersville, Metzger's Market and Johnson's Barber Shop also carry tickets.

Proceeds will benefit the Retarded Children's Shelter and other welfare projects.

Door prizes will be awarded and the statement has been made, "all you can eat." Tickets are available for children and adults, which include the meal and the entertainment.

### Applications By Couples

Ten couples applied for marriage licenses over the weekend at the office of N. Henry Fenner, Monroe County register and recorder.

The applicants included: Robert J. Wilkins and Nancy Louise Johns, both of Delaware Water Gap; Donald P. Murphy and Virginia M. Miller, both of East Stroudsburg; Dian P. Jen, Hokendauqua, and Audrey Doris Schaffer, Bethlehem; George A. Nowotny, Forest Hills, N. Y., and Janice Dagmar Hemmer, Saylorburg, RD 1; Donald A. Henry and Barbara Diane Holdorf, both of Stroudsburg.

George E. Oiler, Duncannon, and Sue Ellen Wicks, East Stroudsburg, RD 2; Gerhard F. Gartner, Owego, N. Y., and Sue Carol Mitchell, Stroudsburg; Ross E. Leader, Trevose, and Florence Elaine Lacktis, Churchville; Winford H. Cardwell and Shirley Rose Mayers, both of Wind Gap, and Raymond J. Wilson, Stoneham, Mass., and Anna May Hrubas, East Islip, N. Y.

George D. Harps and Marie Starnier, both of Tannersville, have applied for a marriage license from N. Henry Fenner, Monroe County clerk of orphan's court.

Refreshments were served by Mrs. George Reiz, Mrs. Clara Renschler, Mrs. William Saganich, Mrs. A. Salerni and Mrs. Michael Saganich.

### Federation Spring Meet Arrangements

There was a meeting of the executive board of the Monroe County Federation of Women's Clubs on Monday at the Stroud Community House. Mrs. Samuel O. Wells, III, president, presided.

During the reports of chairmen and officers, it was announced that a total of \$5,163.45 had been expended by the five clubs of the county.

The Spring State Conference was mentioned and it is hoped that a member of the county organization will be able to attend.

The big topic for discussion was the Spring Meeting, with the Stroudsburg Junior Women's Club as hostess, which will be held on April 26 at the Bartonsville Hotel.

The afternoon session will get under way at 4 p.m.

There will be election of officers, an address by the district vice president, Miss Winfield Hammer; as well as three workshops—program, publicity, and parliamentary procedure.

The evening program will have as entertainment Mrs. Harrison Taylor doing floral arrangements and the speaker will be Mrs. H. Everett Sanford.

In honor of their golden anniversary, open house will be held at the Heller home Sunday, April 1.

Friends and relatives have been invited to visit between 2 p.m. and 5 p.m.

Joining the celebration will be their children, Mr. and Mrs. William Heller and Mr. and Mrs. Arthur Reisewitz, Mountainhome.

From Long Pond will be Mr. and Mrs. Woodrow Heller, Mrs. Ada Stitzer, Pocono, will also attend.

Articles for the sale should be taken to the annex or the home of Mrs. Earl Sandt or Mrs. Earl Lee Sr.

The following chairmen and officers were present: Mrs. Ora Fitzsimmons, Mrs. Robert Payne, Mrs. Stanley Grace, Mrs. John Muller, Mrs. Ed. Hess, Mrs. Lester Katz, Mrs. William Morgan, Mrs. Richard Primrose, and Mrs. H. J. Pine, Jr.

Van Buskirk Trip

Gary and Leroy Van Buskirk, Jr. and their aunt, Mrs. Gladys Kipp, have returned from a visit with John Van Buskirk, Buffalo, N.Y.; their uncle and brother. While there, they visited in Niagara Falls and Canada.

By William A. Doyle

Q. I told the customers' man who handles my brokerage business that I wanted to buy 100 shares of Pure Oil stock. He referred me to his firm's oil analyst. The analyst said that Pure Oil "may lay there, without much price change, for another five years." He said I should buy 100 shares of Permian Corp. stock.

I spoke about this to my wife, who said, "Why make your own selection, when you are advised by the oil analyst of a very large brokerage house?" So I bought Permian. Since that time its market price has gone up.

It is my problem. Should I get rid of my customers' man? Or should I consider the brokerage firm got rid of its oil analyst? Or should I get rid of my wife?

A. Keep your wife. She's no more confused than you, the customers' man or the analyst.

The first thing all of you should be sure to sell straight was exactly what you were looking for. If you wanted "a stock for action," as they say in the financial district, you sure found it in Permian. This company has shown a lot of growth. Its earnings have increased rapidly over the past few years. The market price of the stock has zoomed. Last year, it

was \$36.75 a share. Right now, it's about midway between those two prices. No dividend is paid.

This is the kind of stock that can go way up or way down in just a short period of time. It's rated as a speculation. It might pay off. It might not.

Pure Oil, on the other hand, is a dividend-paying stock. Like many of the stocks of other oil companies, its market price has been weak for a number of years. But it is still rated as a reasonable long-term investment.

It's a most exciting collection

Spring expressed in fluid lines,

flattering colors, fashion fabrics

lovely to look at—

delightful to wear.

It is true that it is illegal to buy and sell stocks of insurance companies, in New York State, if those companies are not licensed

# Pocono's Norb Ryan Picked On All-State Squad

By DAVE LEHRE

HARRISBURG (AP)—Versatile Don Yates, who led Uniontown to its first state basketball championship in 37 years, topped all vote-getters this year in balloting for the 1962 Associated Press scholars all-state team.

It marked the second year in a row the 6-2 sharpshooter landed a spot on the AP squad.

Another popular selection in this year's balloting was Jim Williams, 6-8 pivotman of the Norristown Eagles—runnerup to Uniontown in

the heated scramble for the coveted PIAA Class A basketball crown.

Jack Marin of Farrel, Jeff Neumann of Altoona and Dick Graul of Reading round out the first five picked by sports editors and sports casters from Pennsylvania.

The five seniors head a list of 37 outstanding schoolboy performers chosen for all-state recognition.

#### Milner Named

Four seniors and a sophomore make up the second team. They are Steve Vacendak of Scranton

Prep, Don Cartwright of Norristown, Joe Shepela of Nanticoke, Fleming Reynolds of Pittsburgh Fifth Avenue and Larry Miller, a flashy sophomore from Catasauqua.

It was Miller who sparked unheralded Catasauqua not only to the Dist. 11 championship this year, but also to a big interdistrict triumph before finally bowing to Norristown in the eastern final last week.

Chosen for the third team were Charles (Pete) Coleman of Darby, Don Appleman of Williamsburg, Don Rodenbach of Bethlehem, despite a hampering wrist injury through most of the season.

He pummeled in 22 Saturday night as the Red Raiders dumped Norristown 70-57 for the title.

John Harbison of Mercer and Ron Sepic of Uniontown.

Coleman and Appleman were the big vote-getters among the Class B and C schools. Coleman's team beat Harbison's team last Saturday for the Class B title.

Yates was the big gun in uniontown's drive to the Class A title its first since 1925—averaging between 20 and 21 points a game, despite a hampering wrist injury through most of the season.

Like Yates, Williams averaged between 20 and 21 points a game during the season, combining dunk shots and graceful pivot work for most of his markers.

Don also served as a leading rebounder and playmaker for the Raiders, proving his all around ability as a basketball performer.

#### Compared To Wilt

Williams provides the main rebounding strength. Harry Litwack, head coach of the Temple, compared the 6-8 star with the celebrated Wilt Chamberlain of the Philadelphia Warriors in the National Basketball Association.

Like Yates, Williams averaged between 20 and 21 points a game during the season, combining dunk shots and graceful pivot work for most of his markers.

Marin, who stands 6-5 1/2, also scored between 20 and 21 points a game. But surprisingly, he did most of his scoring as an outside man on jump shots and set shots.

Besides proving himself a star on the basketball court, Marin also has proved himself a star in academic work. He's a wizard in mathematics and valedictorian of his class.

#### Rebound Strength

The 6 1/2 Neumann is the playmaker of the choice quintet, averaging 11.6 points a game in leading Altoona to the Dist. 6 championship.

Graul rounds out the squad adding good rebounding strength and an 18.4 point a game average. His steady play during the season is credited for Reading's strong bid for the Central Penn League championship.

The school came along strong in the second half of the season, but bowed to York in the playoff for the season title.

#### Alternates:

Jim Reed, Richland Twp.; Phil Albert, East Conemaugh; Steve Carter, Williamsport; Hubie Marshall, Coatesville; Denny Cavarlier, Brockway; Bob Bennett, Mount Lebanon;

Lynn Nelson, Westleyville; Charlie Schmaus, Ford City; Tony Relvas, Easton; Ross Welsh, Spring Grove.

Chuck Pickens, Meadville; Willie Kinnard, Erie Tech; Tim Wissler, Hempfield (Lancaster County); Dave Brown, Edgewood; Jim Coyle, Harrisburg Bishop McDevitt; Ted Crary, Springfield (Delaware County).

Jim Santelli, Ellwood City; Len Zandy, Altoona Bishop Guilfoyle; James Kinsler, Emporium; Norb Ryan, Pocono Mountain; Jack Morgan, Jim Thorpe; Aldon Lawton, Pittsburgh Fifth Ave.

NORB Ryan of Pocono Mountain High School has been named an alternate on the 1962 Associated Press All-State High School Basketball Team.

There were 37 players picked for the honor squad, which included three teams and the alternate selections.

Ryan helped Pocono Mountain to gain the District 11 Class B semifinals playoffs this year. Ryan was the leading scorer and rebounder for coach Harry Werkheiser's Cardinals, who lost only five games during the regular season. It was the first basketball team fielded by the new Swiftwater jointure.

**Local Picks**

Many local players were picked for District 11 honorable mention honors. They were:

Warren Loney, Stroud Union; Jack Van Horn and Glenn Kane, East Stroudsburg; John Ryan, Norb's twin, Ralph Dunlap, Ed Luck, A. J. Bittner, all of Pocono Mountain; Jim Fritz and Don Riniker, Pleasant Valley and Dave Turtzo, Pen Argyl.

The Orioles scored eight runs in the fifth to win. Earl Robinson and Gus Triandis homered for Baltimore. John Schaeve and Gene Woodling connected for Washington.

An unearned run on a throwing error by Roy McMillan of the Braves in the ninth gave the Phils the run they needed to win it after they lost a 10-4 lead built partially on a pair of two-run homers by Wes Covington.

**Phils Win**

In other games, Philadelphia outlasted Milwaukee 12-11. Houston defeated Boston 6-0, Cincinnati edged Detroit 4-2 in 10 innings. The New York Mets nipped the Los Angeles Dodgers 4-3. Minnesota topped Pittsburgh 7-6. Cleveland thumped Chicago's Cubs 9-6, and San Francisco wallop the Los Angeles Angels 11-6.

Meanwhile, unpredictable Jimmy Piersall, a righty swinger, turned around and batted lefty against Baltimore knuckleball art-

## Covington Belts Pair

### Yanks Snap Cards' No-Hit Effort For 4-1 Homer Win

#### By THE ASSOCIATED PRESS

The New York Yankees, held hitless by Bob Gibson for six innings, used consecutive homers by rookie Joe Pepitone and Clete Boyer to beat St. Louis 4-1 Wednesday and snap the Cardinals' nine-game winning streak.

Pepitone's three-run homer and Boyer's solo shot, both off Ray Sadecki in the seventh, broke up the tight game between the leading teams on the exhibition baseball trail.

Meanwhile, unpredictable Jimmy Piersall, a righty swinger, turned around and batted lefty against Baltimore knuckleball art-

### Jacks Start Polzer Play In Nazareth

THE POCONO JACKS will carry an unbeaten record into their first round game of the Polzer Memorial Basketball Tournament at Nazareth tonight.

The Jacks, who have a 5-0 record against amateur competition, meet the Dover Pioneers of New Jersey in the second game of the evening's twin bill. In the opening game, Hot Dog Johnnies meet Farm Bureau.

The Jacks will be without their leading scorer tonight, Tony Salerno, who made an agreement before the season started to play for Hot Dog Johnnies in all tournaments. Except for Salerno, the Poconos will have their team intact.

Saturday night, the Jacks travel to Allentown, to play the preliminary game of the opening round of the Eastern Professional Basketball League. In that pro game, the Allentown Jets meet the Williamsport Bills. The championship playoff is a best of three affair. Some 4,000 people are expected to watch the game in Rockne Hall.

The Jacks' opponent has not been named for Saturday's game, however, the most logical foes are Winter's Cafe or Adams Brothers, both top Allentown amateur teams.

Funeral services will be held at the Rose Mortuary in Knoxville at 2 p.m. Friday with interment at the U.S. National Cemetery in Knoxville.

Plans To Scout

Tunnell said he will continue in the league as scout for both the Packers and the Giants. "The commissioner has okayed this set-up," Em said.

He played college ball at Toledo University in 1942 before going into the service. After his discharge he played at Iowa. The NFL record book shows he leads the league with 79 interceptions and in punt returns with 238.

Only three players have been active in the league longer than Tunnell's 14 years. Sammy Baugh was quarterback for the Washington Redskins for 16 years while Packer halfback Johnny Blood and New York center Mel Hein put in 15 years each.

Schoenfeld, 39, is listed as a nonplaying coach but he has been used in a pinch-hitting capacity and as a late-inning replacement at second base in exhibition games this spring.

Schoenfeld, 39, is listed as a nonplaying coach but he has been used in a pinch-hitting capacity and as a late-inning replacement at second base in exhibition games this spring.

He was released outright at the end of the 1960 season. He rejoined the Cardinals, with whom he had starred for many years, last season.

### Army May Go To Bowl Tilts

NEW YORK (AP)—Paul Dietzel, who has been spoiled by a steady bowl diet during his coaching career, is not opposed to a postseason game for Army under certain circumstances.

"First of all, Army people would have to want the game," the new head coach at West Point said Wednesday. "Our team would have to be an outstanding one. And the players themselves would have to be given the right to vote 'yes' or 'no.'"

Army traditionally has remained aloof from bowl games but in recent years the resistance has been wavering.

Dietzel coached several bowl teams while at Louisiana State University.

## Dr. Koehler Signs Contract For Titan Camp At ESSC

By CURT PRINS  
Sports Editor

NEW YORK — East Stroudsburg State College and the New York Titans completed final arrangements yesterday for the Titans to use the college for their pre-season training camp.

Dr. LeRoy Koehler, ESSC president, signed at a press party a contract granting the pro football team permission to use the school's facilities. The affair was held in the Titans' headquarters in a midtown hotel.

Titan president Harry Wismer did not sign the contract because he did not have time to read it. However, Wismer promised to sign it at the first opportunity. The Titans have already agreed to East Stroudsburg's terms, so there will be no chance of Wismer not signing.

During the press gathering, Wismer announced a five-game exhibition schedule and the signing of four key players.

**Exhibition Slate**  
The entire Titan staff, including several of the ballplayers who were at the party, joined

**Fighter Wants Doctor For 2nd**

**Cardinal Owner Sues Over Wife**

NEW YORK (AP) — Henry Hank Detroit middleweight who meets Dick Tiger of Nigeria at Madison Square Garden Saturday night in the first fight there since the ill-fated Griffith-Paret bout last week, will have a doctor in his corner.

Hank said Wednesday Dr. Robert Bennett of Detroit will act as one of his seconds in the 10-round bout.

**Players Back Colorado U. Coach Davis**

CHICAGO (AP)—Walter Wolfner, former managing director of the St. Louis Cardinals football club, sued Wednesday to set aside the heirship of his wife's two adopted sons to her estate.

His petition to Probate Court declared their adoption by Mrs. Violet Bidwill Wolfner and her first husband, the late Charles W. Bidwill, was illegal.

**BOULDER, Colo. (AP)** — With his football squad voicing confidence, William E. (Bud) Davis started building his coaching staff at the University of Colorado Wednesday.

He announced appointment of former Head Coach Dal Ward as one of his assistants. Ward was fired in 1959 but remained on the faculty in the Physical Education Department. Davis, 33, played under Ward as a third-string quarterback.

Ward, 56, was succeeded by Everett (Sonny) Grandelius who was fired by the Board of Regents March 17. The regents said Grandelius violated NCAA, Big Eight Conference and university recruiting practices.

Team Capt. Ken Blair, who erupted with angry words immediately after Davis was offered the job by the regents Tuesday, expressed particular pleasure Wednesday night at Ward's hiring.

"We're all real pleased with the situation now. We're all backing Davis," Blair said.

Davis was alumni director prior to his appointment as coach.

**Choice, Long Shot Capture Split Stakes**

By JOHN CHANDLER  
Associated Press Sports Writer

NEW YORK (AP) — Favored Duc d'Or and longshot Western Warrior charged home in the final strides to win split sections of the mile Bay Shores Derby for 3-year old Kentucky Derby-agers at Aqueduct Wednesday.

Eight started in each division of the race, each worth \$21,750, and most of them are eligible for Derby - Preakness-Belmont triple crown. An exception is Western Warrior, who is eligible for the Belmont, but can be supplemented to the Preakness, but cannot start in the May 5 derby.

**Trailed Field**

Western Warrior, ridden by Larry Adams, trailed his field until they turned for home. Then he zig-zagged through the leaders and just shoved his nose in front of Mister Pitt, 2-1 favorite, on the wire.

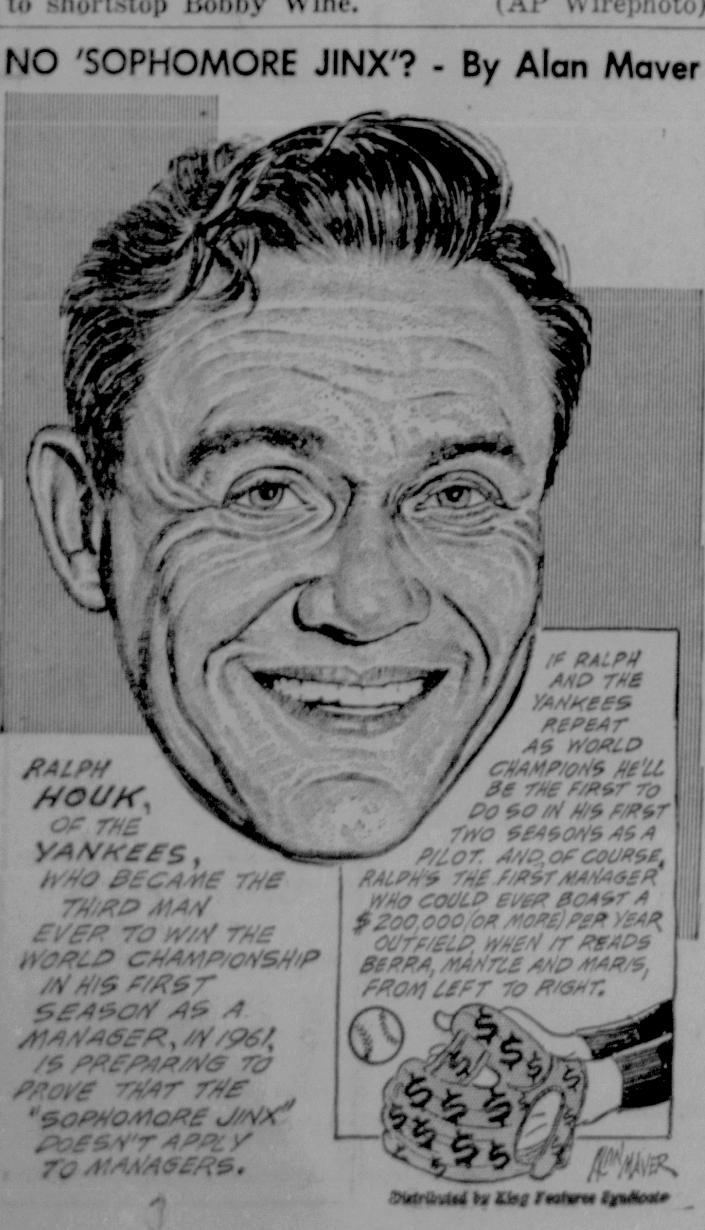

Mister Pitt was 2 1/2 lengths ahead of Dedimou, Green Ticket, burdened with 130 pounds, finished last.

Western Warrior carried 111 pounds on a fast track in 1:36 2-5. He paid \$17.40 to win.

Jockey Ismael Valenzuela just got Duc d'Or home for a neck victory after taking the lead in the final sixteenth. Sidiuck was second by a nose over Lucky Uncle, Endymion, second choice at 2-1, was fourth.

Duc d'Or, carrying 113 pounds, paid \$4.50 to win after stepping the mile in 1:36 4-5.

NO 'SOPHOMORE JINX'? - By Alan Mauer

RALPH HOUK, OF THE YANKEES, WHO BECAME THE THIRD MAN EVER TO WIN THE WORLD CHAMPIONSHIP IN HIS FIRST SEASON AS A MANAGER, IS PREPARING TO PROVE THAT THE "SOPHOMORE JINX" DOESN'T APPLY TO MANAGERS.

IF RALPH AND THE YANKEES REPEAT AS WORLD CHAMPIONS, HE WILL BE THE FIRST TO DO SO IN HIS FIRST TWO SEASONS AS A PILOT. AND, OF COURSE, RALPH IS THE FIRST MANAGER WHO COULD EVER BOAST A \$200,000 OR MORE PER YEAR OUTFIELD WHEN IT READS BERRA, MANTLE AND MARIS, FROM LEFT TO RIGHT.

Distributed by King Features Syndicate

**PEN PASS**—Harry Wismer (bottom right) New York Titan owner, borrows a pen from Titan coach Clyde (Bulldog) Turner and promptly handed it over to Dr. LeRoy Koehler (left) East Stroudsburg State College president. Dr. Koehler used the pen to sign a one-year contract to allow the Titans to train at ESS

# Area Bowling Highlights

## Colonial Four-Man

Russ Staples led the league with his best three game series this season, 594. This helped his team to a 3-1 verdict over first half champions Peters Texaco.

The big match of the night between first place Buds Men Shop and McCormicks Builders came out with McCormicks winning the first game by one pin. This put them in first place by  $\frac{1}{2}$  a point. However, Buds came back and won three points and regained first spot with one week to go. Dick Dishman with 569 led Buds and Carl Kohl with 560 led McCormicks.

Leggeries Pizzeria defeated Dicks Tavern 3-1. Bob Fellenberger with 555 led Leggeries and Walt Arnold's 526 was best for Dicks.

Frank Belli with 576 led Colonial Lanes but it wasn't enough as Shocks Esso with Russ Bergman rolling a 558 defeated them 3 to 1.

## Newfoundland

Mrs. Peggy Bancroft  
Phone Nfd 0R 6-3509

JOHN TOBEY, special education director for Wayne County, was program chairman during the meeting of the Wayne County Young Republicans at which officers were elected. S. Elmore Haag and Mr. Tobey, both of Newfoundland, also served on the nominating committee.

Leland Cramer, principal of Southern Wayne Joint School, and a resident of South Sterling, has been nominated for election to the district committee of the Young Men's Christian Association.

Bob Strupcewski and Donald Madisonville, both members of the Stags of Southern Wayne, received honorable mention during the naming of the annual Regional high school basketball team. Both are seniors at SWHS.

Mr. and Mrs. Harold Phillips and son, Arthur, of Ambler, vis-

ited with Mr. Phillips' mother, Mrs. Arthur Phillips, and brother, Friend, recently. Mr. Phillips moved to Montgomery County in 1955 and is associated with the Whitpain Township School system at Blue Bell.

Mrs. Robert Hettes, Green- town, entertained at a dinner party in honor of her sister, Mrs. Edward Kelly, who observed her birthday. Among the guests were Mr. and Mrs. Kelly and daughter, Susan; Mr. and Mrs. John Schaubly, and Emil Schoenagel.

Mr. and Mrs. Maxwell Alt, Madisonville, enjoyed a visit from Mrs. Paul Gravel and daughter, Green- town.

Floyd Thomas, a 1961 gradu-

ate of Southern Wayne Joint School, attended Pennsylvania State University for a week, during which time he received instruction in milk testing.

It is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 1. If the number is less than 6 add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers left to right. Then read the message the letters under the checked figures give you.

Fireman saves one-year-old

ERIE, Pa. (AP) — An Erie fireman saved one-year-old Nancy Robinson Wednesday when he revived her with mouth-to-mouth resuscitation after she was overcome by smoke in a fire.

Fireman Bill McLaughlin breathed into Nancy's smoke-filled lungs after the child was carried to safety by her father, Jay Robinson.

Robinson led his wife and two other children, Ruth, 2, and Rieatha, 3, from the smoke-filled Robinson apartment. Two other families in the building fled the structure.

Nancy was admitted to St. Vincent Hospital after being given oxygen. She was reported in good condition.

Deputy Fire Chief John Fitzgerald said flames from an open range ignited a cabinet in the Robinson kitchen. He estimated damage at \$1,000.

WASHINGTTON AP — The cash position of the treasury Mar. 23: Balance \$7,859,362,167.42; Deposits \$69,393,072,343.80; Withdrawals \$76,951,750,170.00; Total debt \$296,508,671,003.49; Gold assets \$16,708,840,848.86.

## DAILY CROSSWORD

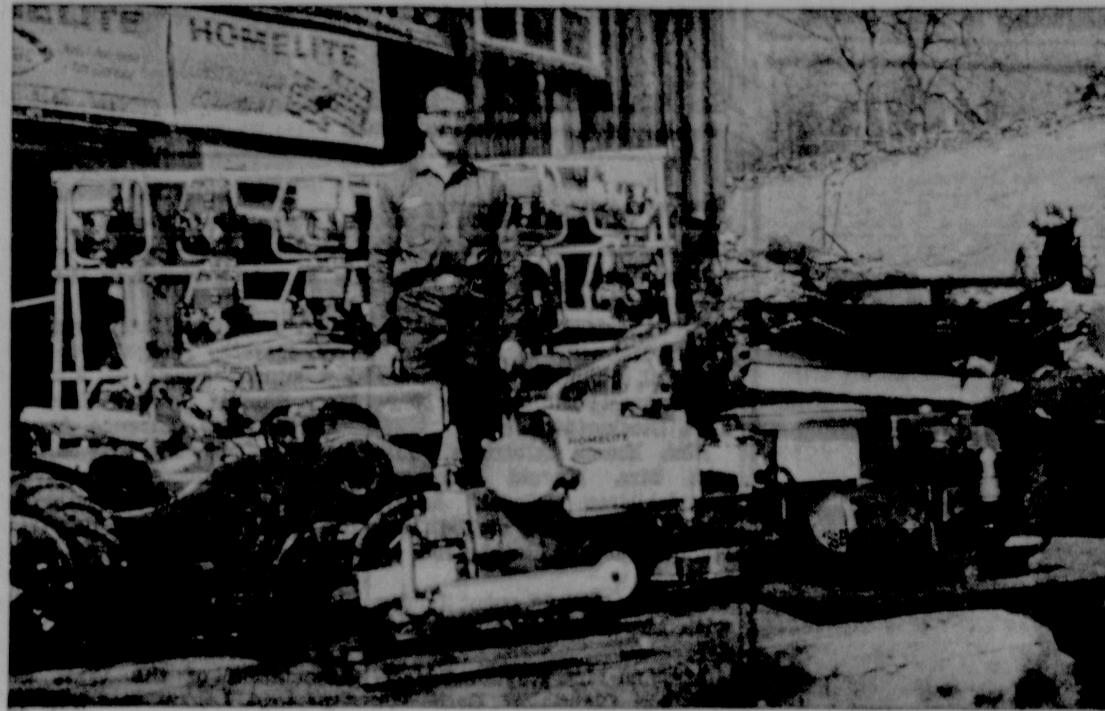

# RAY HARTMANN & SONS ANNOUNCE THE FRANCHISE FOR McCULLOCH

ROGER HARTMANN AND CLYDE HALLETT, OF RAY HARTMANN & SONS, ANNOUNCE TODAY THE EXCLUSIVE FRANCHISE FOR HOMELITE PRODUCTS IN THE POCONOS. HOMELITE, A DIVISION OF TEXTRON INC., OF PORT CHETTER, N.Y., MANUFACTURES GARDEN TRACTORS, PUMPS, GENERATORS, CHAIN SAWS, AND KART ENGINES. A NEW WING HAS BEEN BUILT TO HANDLE ADDITIONAL SERVICING AND PARTS STOCKING.

ROGER HARTMANN, pictured above started in the lawn mower repair business 13 years ago as a hobbyist. Roger attended East Stroudsburg College financing it on the wages he earned on repair work. Roger eventually became a technician for caterpillar tractors in Peoria, Illinois where he lived and worked. Roger had a shop in Peoria while he was there and also attended Bradley University in the meantime. He is a resident of Minisink Hills, and is married to the former Dolores Keller. They have three children, Gary 3, Cindy 2, and Brenda 6 months.

(Photo by Les Carlton)

CLYDE HALLETT, pictured above just began with Roger, at Ray Hartmann & Sons. He has had extensive experience in machinery operation and repair. He is a native of Marshalls Creek and a graduate of East Stroudsburg High School. He has had former employment with Harvey Huffman of Marshalls Creek, and Metropolitan Edison. He is married to the former Phyllis Hartmann and has 1 child, Saglinda Mae, born on the 15th of March this year.

(Photo by Les Carlton)

RON FOCKE, is another new man to the Ray Hartmann & Sons organization. Ron has had extensive experience in the heavy equipment operation and maintenance line. He worked formerly with James D. Morrissey of Henryville. Ron has been with Roger since December 1961. He is married to the former Betty Everett. They have four children, Louis 12, Gwen 9, David 3 and Joey 1 1/2. They reside at R.D. 2, East Stroudsburg.

## NEW HOMELITE

Lawn and garden jobs go easier and faster when you let the Homelite Garden Trac do the work. With attachments this heavy-duty tractor will mow, roll, aerate and fertilize your lawn and plow, harrow and cultivate your garden. Powerful, 5 1/4 H.P. B & S engine, heavy-duty Borg Warner transmission and bevel-gear differential give the Homelite Garden Trac the power and stamina to handle all your lawn and garden work. Come in and test drive the Homelite Garden Trac today.

small down payment

The New Homelite 500 does every cutting job at a price everyone can afford. Flush-cut handle lets you cut level with the ground. Pump-diaphragm carburetor for cutting in any position. Fast 3000 feet per minute chain speed.

New streamlined design protects air filter from dust, dirt and snow, saves cleaning time. Available with straight blades from 14" to 28", 16" plunge-cut bow, clearing bar and brush cutter.

See the new full line of Homelite chain saws. Ask for a free demonstration.

**Set your sights  
on the **NEW  
HOMELITE  
WIZ CHAIN  
SAW****

As little as \$4.35 weekly after  
small down payment  
• gear drive  
• only 20 pounds less  
bar and chain  
• falls trees up to 4 feet  
in diameter

Fast cutting as well as rugged, the new WIZ is built to take the pounding of professional cutting. With new long-life 16" plunge-cut bow, it's a natural for pulpwood production. New enlarged crankshaft journals greatly increase bearing surface. New bigger backplate and fan housing gives better cooling.

New plastic end completely seal filter. Long-flange guide plates feed chain smoothly into bar groove.

Available with straight blades from 14" to 28", 16" plunge-cut bow, clearing bar and brush cutter.

See the new full line of Homelite chain saws. Ask for a free demonstration.

# RAY HARTMANN & SONS ANNOUNCE THE FRANCHISE FOR McCULLOCH

ROGER HARTMANN, and CLYDE HALLETT, of Ray Hartmann & Sons announced today the exclusive franchise for McCulloch products. McCulloch, number one in world sales with home offices in Los Angeles, California, are manufacturers of the famous McCulloch chain saws, brush cutters, weed cutters, earth drills and roto bit pruners.

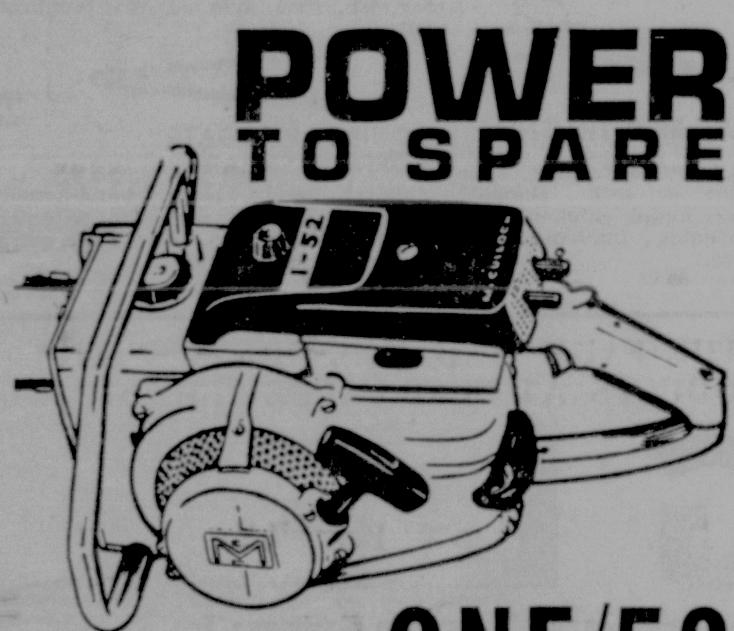

Roger Hartmann, pictured above, started in the lawn mower repair business 13 years ago as a hobbyist. Roger attended East Stroudsburg College financing it on the wages he earned on repair work. Roger eventually became a technician for caterpillar tractors in Peoria, Illinois where he lived and worked. Roger had a shop in Peoria while he was there and also attended Bradley University. He is a resident of Minisink Hills, and is married to the former Dolores Keller. They have three children, Gary 3, Cindy 2, and Brenda 6 Months. (Photo by Les Carlton)

Clyde Hallett, pictured above just started with Roger, at Ray Hartmann & Sons. He has had extensive experience in machinery operation and repair. He is a native of Marshalls Creek and a graduate of East Stroudsburg High School. He has had former employment with Harvey Huffman of Marshalls Creek and Metropolitan Edison. He is married to the former Phyllis Hartmann and has one child, Saglinda Mae, born on the 15th of March this year. (Photo by Les Carlton)

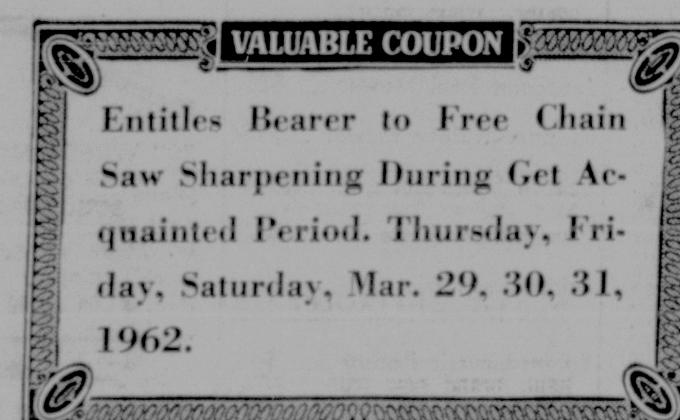

Ron Focke, is another new man to the Ray Hartmann & Sons organization. Ron has had extensive experience in the heavy equipment operation and maintenance line. He worked formerly with James D. Morrissey of Henryville. Ron has been with Roger since December 1961. He is married to the former Betty Everett. They have four children, Louis 1, Owen 9, David 3, and Joey 1 1/2. They reside at R. D. 2, East Stroudsburg.

RAY HARTMANN & SONS  
Minisink Hills HA 1-3326

Announces NEW  
**McCULLOCH  
CHAIN SAWS**

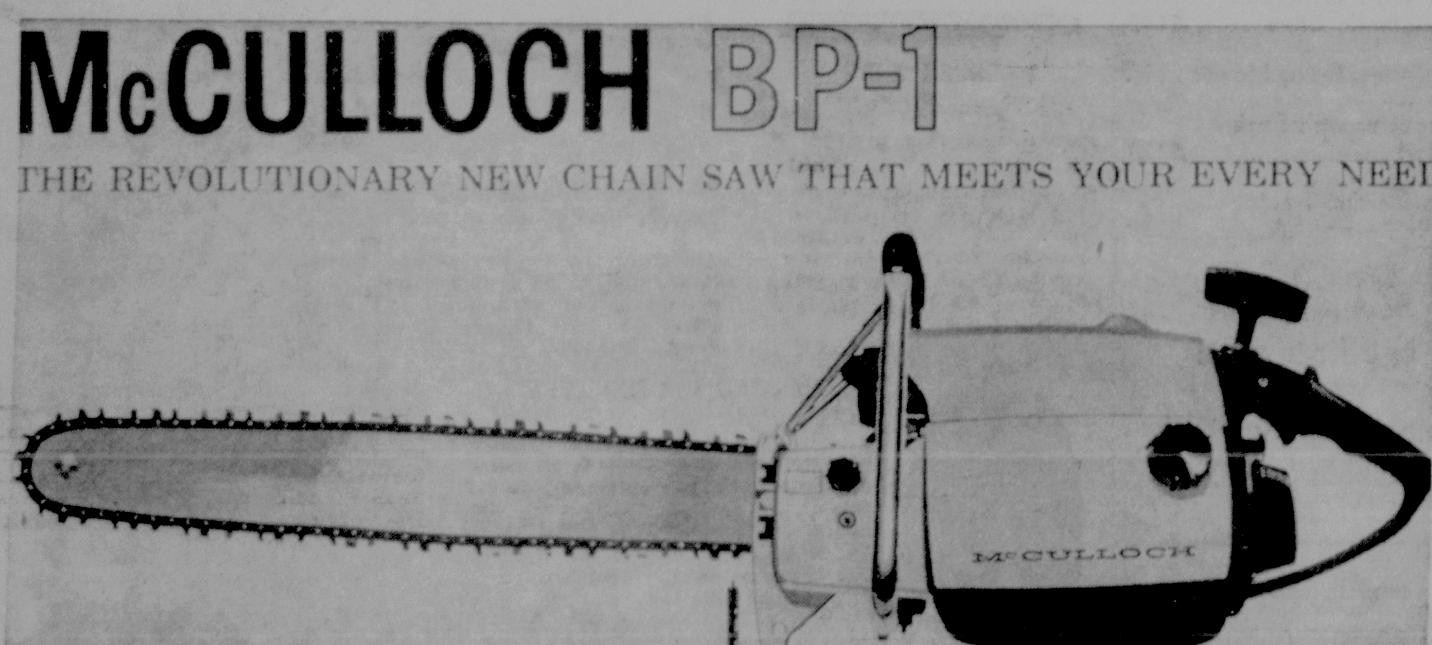

Choose from the world's most complete line of chain saws for every woodcutting need

As low as \$149.95

• Weatherproofed ignition  
• Fingertip controls  
• All-position carburetor  
• Plus other top McCulloch features

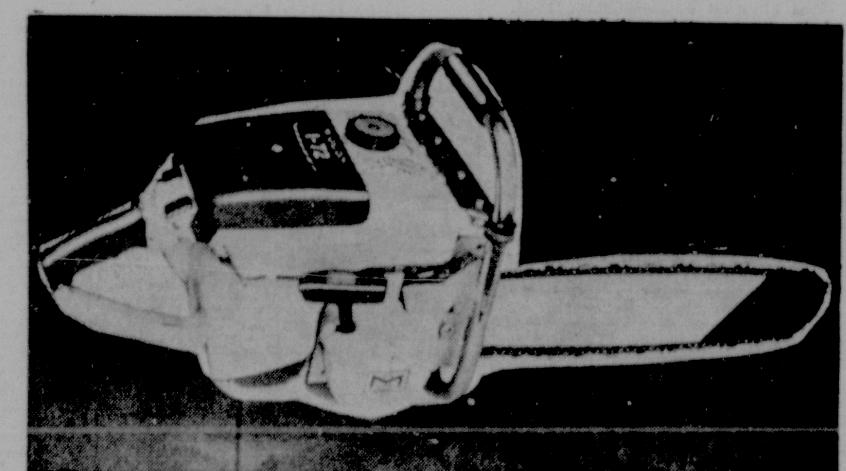

YOU CAN DEPEND ON McCULLOCH!

From the moment you take the new McCulloch BP-1 in hand, you'll notice advancement not found in any other chain saw. First, there is no perceptible vibration from this revolutionary balanced-piston engine. At top cutting speeds the saw actually feels lighter than it is—only 15 pounds, less bar and chain. It is so compact, so carefully balanced, so smooth in its performance, you will hardly believe you are using a chain saw. Yet, the BP-1 delivers professional saw performance—more power in fact than most conventional chain saws five or six pounds heavier. Many revolutionary design features contribute to the amazing performance of this new saw. From the gear case out to the tip of the bar you'll find an exclusive new chain and bar combination called Auto-Mac. The Auto-Mac bar is lighter, designed especially to match the lightweight BP-1 engine so that at all cutting angles the balance between power unit and bar is close to perfect. Chain sharpening is done automatically at the touch of a button so there is no need for time-consuming hand filing. The Auto-Mac bar oils itself automatically too, making it the most economical, most efficient bar ever designed. Auto-Mac is the only cutter bar with sprockets at both ends to guide the chain smoothly and evenly through every cutting job. A new carburetor utilizing fuel injection principles sprays fuel into the engine. The balance piston then pumps this fuel charge in a supercharging action direct to the combustion chamber to boost power and efficiency. A special new muffler made of corrosion-resistant steel effectively suppresses high-frequency engine noise. For convenience the muffler is placed at the top and front of the saw to direct exhaust pressures and sawdust away from the operator. These are just a few reasons why the McCulloch BP-1 is the world's most advanced chain saw. Other features include fingertip controls, rubber covered pistol grip, and padded wrap around handle-bar. We invite you to try the saw in action at Ray Hartmann & Son today and experience why the new BP-1 is acknowledged as a major breakthrough in chain saw design.

## WHY BUY McCULLOCH?

McCulloch chain saws, with nine great models for '62 are one of the world's most dependable saws. They have compact design and balanced handling. Quick starts are obtained through a special combustion chamber, carburetion, and ignition system. A new raised fuel tank makes the saw 40 degrees cooler inside. The entire ignition system is weather-proofed. Fuel filtering for dust and wood shavings has been improved. Rubber padded handles reduce vibration. A positive diaphragm carburetor operates in any position. A new flocked screen air cleaner filters better. Chrome-plated spring steel rings assure a better seal. The compact control panel gives fingertip access to throttle, ignition switch, oiler and choke. An exclusive heat shielding town & country muffler with two-positions reduces noise 50%. Has a loop-scavenged 3rd port intake and reed system. Best of all are the prices, starting at \$149.95, with full 16-inch bar.

McCULLOCH ONE/72  
SPEED AND POWER

FOR LIGHT, TOUCH CUTTING

A high-speed, direct drive professional model for production felling, bucking, and pulp logging. Horizontal cylinder design cuts size and weight, reduces vibration. Exclusive shock mounted handle frame reduces fatigue. Fast starting and easy handling. Insulated fuel tank keeps fuel 40° cooler. Rear air intake ducts insure maximum flow of clean air into carburetor. Two-position Town & Country muffler cuts sound in town, opens up in the country. Fingertip controls—throttle, ignition, choke.
